Motorcoach Tours Activity Level

Little to No Walking.

1 – 2 hours of walking. May have stairs or uneven terrain.

3+ hours of walking. May have stairs or uneven terrain. For example: NYC

Travelers aboard motorcoach tours should be able bodied to get on/off the coach and walk into/out of all stops on tour. If a traveler requires assistance with the above, they must travel with another guest who is designated to assist with said needs throughout the tour.

Tour Activity Levels have been added to all of our Flyers and Website. Levels given are approximate and based on our previous tour experiences. Travelers should always inform themselves of a tours itinerary and determine if they should join a tour prior to booking. Our booking & cancellation policy remains in full effect.
